Courses

UnderGraduate
Introduction to Computer System
Computer System Enginering
Computer Graphics
Computer Vision
Web Developing
Principles of DB System

Skills

Programming
Over 3000 lines
C/C++ • Javascript
1000 - 2000 lines
Java • Python
Less than 1000 lines
Shell

Frontend
Familiar
React • Wepy
Knowledge
Vue

Cloud Computing
Familiar
Docker • Kubernetes

Dev Tools
Familiar
git •svn •ssh

Language
CET 6

Experience

None
